CENTURION XPG Series

EXPLOSIONPROOF DIGITAL CAMERA – VAPOR ATMOSPHERES

II 2 G

The Centurion XPG explosionproof digital camera is certified for image capture within a Zone 1 IIC T4 hazardous (explosive) area. Incorporating a 5 Mega pixel sensor, Centurion XPG has the ability to capture images up to an incredible 10 Mega pixels, plus moving pictures in AVI format.

Combining its still and moving image capture capability, Centurion XPG allows documentation of equipment and processes within your explosive area quickly and easily.

Incorporating an onboard, fully automatic strobe flash, Centurion XPG can capture still images in extreme, low light situations at the touch of a button. Still images and movies can be reviewed on the armoured LCD display located at the rear of the camera, even in the field.

Available with onboard image storage in three options; 512Mb, 1Gb and 2Gb* Centurion XPG can store hundreds of images which are then transferred via high speed USB communications link to a PC, once in the safe area.

- Certified for Zone 1 IIC T4 explosive areas (vapor) atmospheres
- High intensity strobe flash for low light imaging
- Removable, rechargeable 1000mAH NiMH battery pack
- Armoured LCD display for image capture and review

INLEC, supporting you to deliver a world class service, every day, in every sector ...

OUR COMMITMENT TO YOU

A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

YOUR 5 WAY GUARANTEE

1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application*.

4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.
