WHEN YOU CAN HIRE

# AF200

## Precision air velocity instruments

The innovative AF200 sets new standards of performance and value for precision air velocity instruments. The pitot tube method of measurement employed by the AF200 is suitable over the range 1.5m/s to 58m/s and from -10°C to +50°C.

The instrument also functions as a stand alone micromanometer or temperature meter for true user versatility.

### Key Features

- Velocity, temperature and pressure measurement
- Multi-point averaging
- Smoothing
- Correction mode for temperature, pressure and K factor
- Easy zero adjust
- Measurements in both imperial and metric units
- Last configuration memorised
- Simplicity and reliability
- Optional protective cover over sling
- Will work with most pitot tubes available
- Metric and imperial measurements

### Method of operation

The pitot tube method looks at the differential pressure between the total pressure entering the tube and the static pressure entering a lateral hole in the tube. The dynamic pressure measurement that results is analysed and indicated as a velocity on the display.

### The Kit

A Full kit is available to accompany the AF200. This includes 295mm/12" and /or 448mm/18" pitot tubes, air temperature probe, instruments protective cover sling, quick fit pressure connectors, rubber tubing, nylon tubing and 9V PP3 battery. All this fits into a custom carrying case.

### AF200 specification

#### Measurement Ranges

Unit	Range	Unit	Range
m/s	1.5 to 58.0	mbar	0.00 to 19.99
ft/min	300 to 9999	inH2O	0.000 to 8.029
°C	-60 to +590	mmH2O	0.0 to 203.9
°F	-76 to +1094	Pa	0 to 2000
hPA	0.00 to 20.00		

#### Correction Ranges

Value	Display Symbol	Unit	Settable in Range
Air Temperature	CORR °C	Celcius	-10°C to +50°C
Static Pressure	CORR mbar	mbar (Absolute)	500 to 1500
Pilot Tube Cal Factor	CORR k	(factor)	0.10 to 3.00

#### Instrument Accuracies

Measurement	Ambient Temperature	Specification
Pressure	+15°C to +25°C / +59°F to +77°F	±0.2% Reading ±1 digit
	-10°C to +50°C / +14°F to +122°F	± 0.3% Reading ±1 digit
Temperature	-10°C to +50°C / +14°F to +122°F	±0.1% Reading ±1 1°C / ±2°F
Velocity	+15°C to +25°C / +59°F to +77°F	±0.2m/s at 10m/s to 58m/s, ±40ft/min, 2000 to 9999ft/min
	+15°C to +25°C / +59°F to +77°F	±0.3m/s at 4m/s, ±60 ft/min at 800 ft/min

### Applications

- Checking and installing air conditioning
- Differential pressure in clean rooms
- Checking fume cupboards
- Ventilation systems
- Air balancing systems
- Wind tunnels
- Extraction efficiency in shafts

#### Specification

Operating Temperature	-10°C to +50°C / +14°F to +122°F
Battery Type	9V PP3S or equivalent
Battery Life	Long battery life
Display	12.7mm / 0.5" custom LCD with automatic legend display
Low Battery Warning	"BAT" shows on display
Auto Power Off	5 minutes approx., disabled during correction and averaging modes
Connections	Push-fit plastic tubing, 6mm/0.236" O.D., 4mm / 0.157" I.D.
Dimensions	140 x 70 x 26mm / 5.5 x 2.8 x 1.0"
Weight	250g / 8.8 oz

# INLEC, supporting you to deliver a world class service, every day, in every sector ...

## OUR COMMITMENT TO YOU

### A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

### Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

### Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

### We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

## YOUR 5 WAY GUARANTEE

### 1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

### 2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

### 3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application\*.

### 4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

### 5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

\*subject to availability and conditions
