DPI 811/812 RTD Calibrator/Loop Calibrator

Measure and source RTDs The DPI 800 Series is a complete range of advanced, robust and simple to use hand-held instruments. Highly cost 2, 3 and 4 wire auto detection effective, these tools are ideal for test/calibration of many popular process Temperature test and maintenance parameters. Advanced features and technical innovations address more Transmitter calibration applications in less time and deliver results you can rely on. Loop set-up and diagnostics Switch verification Automatic detection of 2, 3 and 4 wire RTDs highlights faulty probes PI R12 mA measure, switch test and 24V loop power Compact, simple to use, easy to carry Large backlit display, menu driven interface Convenient, one-handed operation HART[®] loop resistor Secure grip, impact resistant, elastomer protected Robust and weatherproof Plug/play connector for IDOS Universal Measurement Modules

①Optional please refer to IDOS datasheet. ②With IDOS pressure module connected.

Temperature test and measurement

DPI 811 RTD Calibrator measures or simulates RTD sensors and is the ideal tool for checking probes, indicators, recorders and controllers.

Automatic detection of 2, 3 and 4 wires quickly detects faulty sensors and wiring.

Pulsed RTD transmitter compatibility, in simulation mode. **Advanced features** such as Step, Ramp, Max/Min/Avg, and Hold facilitate troubleshooting and system checks.

Temperature instrumentation and loop maintenance

DPI 812 RTD Loop Calibrator additionally provides simultaneous RTD output and mA measurement for transmitter/loop maintenance. **24V loop power supply** energises transmitters and control loops. **Automatic switch test** captures open/closed trip values providing a fast and highly accurate "safety system" check.

HART® resistor can be switched into the loop when required for a HART® digital communicator.

IDOS (Intelligent Digital Output Sensor) Universal Pressure Modules are available from 70 mbar to 200 bar.

Total flexibility means IDOS modules can be used with any compatible instrument, for example, a DPI 812 RTD loop calibrator can become a fully featured pressure calibrator.

Plug and Play modules are interchangeable between instruments requiring no set-up or instrument calibration.

Please refer to IDOS Universal Pressure Module datasheet.

DPI 811 and 812 specification

Measure & simulate	Standard	Range	*Accuracy
Pt 50 (385)	IEC 751	-200 to 850°C	0.5°C
Pt 100 (385)	IEC 751	-200 to 850°C	0.25°C
Pt 200 (385)	IEC 751	-200 to 850°C	0.6°C
Pt 500 (385)	IEC 751	-200 to 850°C	0.4°C
Pt 1000 (385)	IEC 751	-200 to 400°C	0.2°C
D 100 (392)	JIS 1604-1989	-200 to 650°C	0.25°C
Ni 100	DIN 43760	-60 to 250°C	0.2°C
Ni 120	MINCO 7-120	-80 to 260°C	0.2°C
Ohms		0 to 4000	0.1 to 1.3 Ω

*Accuracy: Total accuracy for 1 year. Outside 10 to 30°C add 0.005% FS/°C.

Excitation: 0.2 to 0.5 mA measure, 0.05 to 3 mA simulate **Pulse excitation currents:** Minimum duration 10mS.

DPI 812 only

mA measure: 0 to 55 mA 0.02% rdg + 3 counts.
Includes 1 yr stability. Outside 10 to 30°C add 0.002%FS/°C.
24V loop power: +/-10% (35 mA maximum).
Switch detection: Open and closed. 2 mA whetting current.
HART® resistor: Menu selectable 250 ohm resistor.

DPI 800 series common specification

Operating temperature: -10 to 50°C. Humidity: 0 to 90% non-condensing (Def Stan 66-31, 8.6 cat III). Ingress protection: IP 54 dust and splashing water. Shock and vibration: Def Stan 66-31, 8.18 and 8.4 cat III. EMC: EN61326-1 :1997 + A1 :1998 + A2: 2001 Safety: Electrical EN61010:2001. CE marked. Display: Graphic 48 X 48 mm LCD with backlight. 99999 resolution. Size and weight: 180 x 85 x 50 mm, 500g. Batteries: 3 x AA alkaline. > 70 hrs measure. > 10 hrs 24V source.

Accessories

IO800A: Carry case: Soft fabric case with accessory pocket. **IO800B: Belt clip, wrist strap/hanging loop and bench stand IO800C: NiMh batteries with charger:** Batteries charged externally.

Ordering information

Please state model number DPI 811 or 812 and accessories as seperate items. *Note: Each unit is supplied with batteries, calibration certificate, user guide and a set of electrical test leads.*

INLEC, supporting you to deliver a world class service, every day, in every sector ...

OUR COMMITMENT TO YOU

A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and wellmaintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

YOUR 5 WAY GUARANTEE

O GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

O TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application*.

FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from anunbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

S YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

*subject to availability and conditions
