**WHY BUY**  
WHEN YOU CAN HIRE

## Features

- Hydraulic pressures to 10,000 psi
- Pneumatic pressures to 600 psi
- Vacuum to 28.5 inHg
- Low pressure fine control

The PV411A is a high quality field proven pressure and vacuum hand pump providing functionality, which has never been seen before in a hand held pressure source. This remarkable product replaces four conventional hand pumps and offers the following additional features:

- Unique vacuum priming function removes trapped air during hydraulic operation
- High pressure generation is accomplished with the volume adjuster, eliminating the physical effort associated with conventional hand pumps

- Pressure/Vacuum selector valve also provides exceptional fine control pressure relief in both pneumatic and hydraulic modes
- Tamper proof adjustable overpressure protection valve which can be set to relieve pressures from 300 to 10,000 psi
- Removable hydraulic reservoir which can be disconnected from the pump without draining the fluid
- Reservoir safety feature with spring loaded top cover vents if inadvertently pressurized above 8 psi
- Hydraulic mode designed to operate with distilled water and/or high viscosity mineral oil
- Highly sensitive volume adjuster is used for hydraulic, pneumatic, vacuum and low pressure operation
- Built-in stroke adjuster controls the pressure/vacuum generated per stroke
- 240° swivel head for optimum viewing of reference indicators
- Internal moving parts are PTFE anodized for reduced friction and wear
- Ergonomic, rugged and lightweight design with comfortable hand grip

# PV411A

## Druck Four-in-One Hand Pump

PV411A is a Druck product. Druck has joined other GE high-technology sensing businesses under a new name—GE Industrial, Sensing.

# PV411A Specifications

## General

### Pressure ranges

- Pneumatic: 0 to 600 psi
- Hydraulic: 0 to 10,000 psi
- Vacuum: 0 to 28.5 inHg

### Hydraulic media

Designed for operation with distilled water (no alcohol), mineral oil equal to 40 wt.

*For combined hydraulic and pneumatic operations it is recommended to use distilled water during hydraulic operation.*

### Materials

Stainless steel, anodized aluminum, Nitrile rubber, acrylic, PTFE, polyurethane, Delrin and nylon

### Pressure connections

1/4 in NPT female

### Reservoir connection

1/4 BSP female

### Reservoir volume

100 cc

### Optional large volume reservoir

200 cc

PV411A-HA hand pump kit  
(shown with DPI 104 digital test gauge, not included)

### Total weight

2.5 lb

### Dimensions (l x w x d)

10.2 in x 5.3 in x 3.7 in

### PV411A-HA Hand pump kit includes:

- Heavy duty transport case with closed foam insert
- 10,000 psi (689 bar) high pressure hose assembly, 3 ft length
- 2 pieces. 1/4 in NPT male adapters
- 1 piece 1/4 in NPT female adapter
- 1 piece 1/8 in NPT male adapter
- 1 piece 1/8 in NPT female adapter
- 1 piece 1/4 in Male to 1/8 in Female adapter

## Order Codes

- PV411A hand pump only
- PV411A-HA hand pump with accessory kit

# INLEC, supporting you to deliver a world class service, every day, in every sector ...

## OUR COMMITMENT TO YOU

### A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

### Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

### Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

### We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

## YOUR 5 WAY GUARANTEE

### 1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

### 2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

### 3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application\*.

### 4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

### 5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

\*subject to availability and conditions
