# Fluke 120 Series Industrial ScopeMeter® Test Tools

Three-in-one simplicity for fast answers wherever you work.

The compact ScopeMeter 120 Series is the rugged solution for industrial troubleshooting and installation applications. These are truly integrated test tools, with oscilloscope, multimeter and "paperless" recorder in one affordable, easy-to-use instrument. Find fast answers to problems in machinery, instrumentation, control and power systems.

- A dual input 40 MHz or 20 MHz digital oscilloscope
- Two 5,000-count true-rms digital multimeters
- Cursor measurements (Fluke 124 only)
- A dual input TrendPlot recorder
- Connect-and-View trigger simplicity for hands-off operation
- Shielded test leads for oscilloscope, resistance, continuity and capacitance measurements
- Full bandwidth, heavy duty 10:1 probe included standard with Fluke 124
- Up to five hours battery operation with standard battery, seven hours with optional battery (Included with Fluke 124)
- 600 V CAT III safety certified
- Optically isolated RS-232 interface
- Rugged, compact case

## Verifying CAN bus signals with a Fluke ScopeMeter® 120 Series Application Note

(Literature code 2126072)

Verifying the physical layer signals of two-wire differential serial bus system. Read a detailed application note on [www.fluke.com/scopemeter](http://www.fluke.com/scopemeter).

Other factors, like line outages and sags, or the starting and stopping of a motor can also cause a machine to stop. You may not be around to see it – your Fluke ScopeMeter will. In this "paperless recorder" mode, you can plot the min, max, peak and average values over time, up to 16 days. The two inputs can plot any combination of volts, amps, temperature, frequency and phase, with time and date stamp to help lead you to the cause of those faults quickly.

### A three-in-one tool

ScopeMeter 120 Series combines a 40 MHz or 20 MHz dual input digital storage oscilloscope, two true-rms digital multimeters and a dual input TrendPlot™ recorder all in a compact, battery powered instrument. Leave all other test tools behind because the ScopeMeter 120 Series test tool is the only one you'll need.

Connect-and-View captures even the most complex motor drive signals

Dual-input measurement shows both meter reading and waveform at the same time (124, incl. cursors)

### Connect-and-View™ triggering for an instant, stable display

Scope users know how difficult triggering can be. Incorrect settings show unstable and sometimes incorrect results. Fluke's unique Connect-and-View recognizes signal patterns, and automatically sets up correct triggering. It provides a stable, reliable and repeatable display of virtually any signal including motordrive and control signals – without touching a button. Signal changes are instantly recognized and settings adjusted for once again a stable display.

### One test lead measures all

High-frequency waveform, meter, capacitance and resistance measurements and continuity checks are all covered by the shielded test leads. No time wasted finding or swapping leads. The included accessories allow hook-up at test objects of every dimension.

Check the starting capacitor of a motor with the ScopeMeter 124

### Use TrendPlot™ to help find intermittents, fast

The toughest faults to find are those that happen only once in a while – intermittents. They can be caused by bad connections, dust, dirt, corrosion or simply broken wiring or connectors.

### Battery powered mobility

Up to seven hours of battery operation frees you from mains outlets for true on-the-move working. The handheld format and the weight of just 1.2 kg, make the instrument easy to carry and to fit comfortably in your hand. The rugged, drip proof case assures long life and reliable operation in the harshest industrial environments.

### Safety certified

The ScopeMeter 120 Series Test Tools and the included shielded test leads are safety certified for measurements on 600 V CAT III industrial power systems. Via the optically isolated RS-232 interface, the ScopeMeter 120 can be safely connected to a printer for direct print-out or to a PC for later analysis and documentation using FlukeView software. And using the VPS40 probe, measurement up to 1000 V CAT II are fully supported!

### Ordering information

- FLUKE-123/003 Industrial ScopeMeter 20 MHz
- FLUKE-123/003S Industrial ScopeMeter 20 MHz with SCC Kit
- FLUKE-124/003 Industrial ScopeMeter 40 MHz
- FLUKE-124/003S Industrial ScopeMeter 40 MHz with SCC Kit

# INLEC, supporting you to deliver a world class service, every day, in every sector ...

## OUR COMMITMENT TO YOU

### A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

### Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

### Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

### We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

## YOUR 5 WAY GUARANTEE

### 1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

### 2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

### 3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application\*.

### 4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

### 5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

\*subject to availability and conditions
