## VLF Sinus 34 kV

### VLF Sine Wave Test System for medium voltage cables

#### Benefits

- ▶ High test capacity of 3.5  $\mu\text{F}$
- ▶ Suitable for outdoor use (IP 67)
- ▶ Single-button operation **easyGO** by sebaKMT
- ▶ Integrated safety system
- ▶ Protocolling
- ▶ Continuous duty cycle

#### Description

The VLF sine wave 34 kV is a compact, robust and portable VLF sine wave test system for medium voltage cables. Due to the air cooling, the VLF sine wave 34 kV can be used without interruption and is therefore ideal for all users who will be testing with 0.1 Hz sine wave voltages. The VLF testing system is easy to use, thanks to its single-button operation and clear, simply structured menu and colour display. In addition to sine wave AC, its output voltage shapes also include positive and negative DC, square wave and pulsed DC for sheath-fault pinpointing.

With a test capacity of 3.5  $\mu\text{F}$  at 34 kV and weighing just 25 kg, it has an excellent capacity-to-weight ratio. With the integrated breakdown detection function, the system immediately switches off and discharges the tested cable after a breakdown. This does not only increase the user's safety, also it will limit the damage to the cable.

Logging takes place via a USB stick in .csv format for further data-processing purposes and is also saved in Easyprot format (incl. in standard delivery) for clear and structured reports.

Together with the optional available step-voltage probe ESG80-2, sheath faults can be precisely pinpointed by using the step voltage method. Moreover the VLF sine wave 34 kV can be upgraded to an accurate testing and diagnosticsystem with the optional available tan delta test attachment. Further technical details can be taken from the corresponding leaflet or ask your local representative.

#### Features

- ▶ Testing without operational interruptions
- ▶ AC testing conform DIN VDE, EN, IEEE
- ▶ Compact, rugged, lightweight and IP 67 for transportation
- ▶ Integrated trolley
- ▶ Simple operation with programmable test sequences
- ▶ Maximum user safety through automatic discharge of the test object and F- $\Omega$  grounding monitoring
- ▶ Breakdown detection and load recognition (R, C)
- ▶ Quick, easy logging and updates via USB port
- ▶ In combination with the optional tan delta test attachmentsuitable for diagnosing 22kV rated cables (IEEE 400.2 conform)
- ▶ Sheath testing and sheath-fault pinpointing

#### Options

- ▶ Tan delta test attachment
- ▶ ESG 80-2

Technical data			
<b>Output voltage</b>			
VLF sine wave	0 ... 24 kV <sub>eff</sub>		
DC voltage	$\pm$ 0 ... 34 kV		
Square wave voltage	0 ... 34 kV		
Precision	$\pm$ 1%		
Resolution	0.1 kV		
<b>Output current</b>			
Measuring range	0 ... 14 mA		
Precision	$\pm$ 1%		
Resolution	1 $\mu\text{A}$		
Frequency range	0.01 Hz ... 0.1 Hz autom. frequency adjustment		
Output	0.6 $\mu\text{F}$ @ 0.1 Hz at 24 kV <sub>eff</sub> 3.5 $\mu\text{F}$ @ 0.01 Hz at 24 kV <sub>eff</sub>		
Output to cable rating voltage at 0.1 Hz		<b>Testing</b>	<b>Diagnosis</b>
		2 U <sub>o</sub>	3 U <sub>o</sub>   1.5 U <sub>o</sub>
6/10 kV	1.1 $\mu\text{F}$ (12 kV)	0.85 $\mu\text{F}$ (18 kV)	1.65 $\mu\text{F}$ (9 kV)
6.35/11 kV	1 $\mu\text{F}$ (13 kV)	0.75 $\mu\text{F}$ (19 kV)	1.55 $\mu\text{F}$ (10 kV)
12/20 kV	–	–	0.85 $\mu\text{F}$ (18 kV)
12.7/22 kV	–	–	0.75 $\mu\text{F}$ (19 kV)
Input voltage	100 V ... 260 V, 50/60 Hz, 400 VA		
Sheath testing	0 ... 5 kV, 0 ... 10 kV DC		
Sheath fault pinpointing	0 ... 5 kV, 0 ... 10 kV DC Pulse-rate 1:3 and 1:4		
Safety	F- $\Omega$ Earthing monitoring, autom. discharging of test object		
Dimensions (W x H x D)	500 x 485 x 305 mm		
Weight	25 kg		
Protection class	IP 20 / IP 67 (Operation/transportation)		
Operating temperature	-25 °C ... +55 °C		
Storage temperature	-25 °C ... +70 °C		

#### Scope of delivery

- ▶ High voltage connection cable
- ▶ Power cable/ earthing cable
- ▶ Accessory bag
- ▶ USB stick for logging
- ▶ Operating manual

# INLEC, supporting you to deliver a world class service, every day, in every sector ...

## OUR COMMITMENT TO YOU

### A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

### Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

### Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

### We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

## YOUR 5 WAY GUARANTEE

### 1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

### 2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

### 3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application\*.

### 4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

### 5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

\*subject to availability and conditions
