## Teleflex T 30-E

**Digital Time Domain Reflectometer for the fault location on low and medium voltage networks**

### Benefits

- ▶ **Self-explaining menus – automatic test modes**
- ▶ **Bright colour display for use even in direct sunlight**
- ▶ **Very high near-end-resolution**
- ▶ **Two signal inputs for direct line comparison**

### Description

The digital TDR Teleflex T 30-E is designed for the location of low resistance faults and interruptions in low and medium voltage cables. The integrated battery power supply makes it an ideally suited instrument for field use.

When connected to a shock discharge generator and an ARM filter, the combination is best suited for pre-location of high resistance and intermittent faults.

The Teleflex T 30-E offers convenient operator support with online help and One-Button-Operation easyGO and it automatically shows the end of cable and fault distance in the ARM-Mode.

Even inexperienced users can easily locate faults with the "Step-by-Step Easy Mode". The operator is guided through the fault locating process. On the other hand, the "Expert-Mode" provides free access to all parameters for comprehensive fault locating even under difficult conditions.

The TDR Teleflex T 30-E can also be used for the direct remote control of the SPG 40 and for TE pinpointing with the PD LOC. For system integration the T 30-E is also available as 19" version.

### Technical Features

- ▶ One-Button-Operation
- ▶ Very bright 10.4" VGA colour TFT display
- ▶ Quick-Steps Mode with automated test procedures
- ▶ Step-by-Step Easy Mode with online help guidance
- ▶ Expert Mode with selectable parameter feature
- ▶ Automatic far end indication and fault recognition with distance indication
- ▶ Arm, Impulse current (ICE) and Travelling wave method (Voltage decay)
- ▶ High resolution in the short range
- ▶ High dynamic range with distance related gain
- ▶ Display of 3 traces
- ▶ Zoom
- ▶ Memory for 100 traces
- ▶ Mains and battery operated. Rechargeable NiMh batteries
- ▶ Remote Controlling of the SPG40 Fault location System
- ▶ PD Pinpointing with the PD LOC System

### Technical Data

Range	TDR 10 m ... 50 km Transient 20 m ... 100 km
Pulse Width	35 ns ... 4 µs
Sampling rate	200 MHz
Time Base Accuracy	± 0.01 %
Display	10.4" VGA colour TFT display
V/2	50 m/µs ... 150 m/µs
Modes	Direct L1, Direct L2, Comparison L1 / L2, Difference L1 – L2, ARM-Mode, Impulse current method, Voltage decay
Memory	100 traces
Interface	RS 232 for PC and USB for Printer, CAN Bus for SPG 40 Remote control
Impedance matching	12 Ω ... 150 Ω
Operating temperature	-15 °C ... +50 °C
Mains supply	NiMh-Batterie, 230 V; 50 / 60 Hz (110 V optional), 12 V DC
Dimensions (W x H x D)	360 x 160 x 270 mm or 19"
Weight	6 kg

### Scope of Delivery

- ▶ TDR Teleflex T 30-E
- ▶ Cable set
- ▶ Operating manual

### Options

- T 30-E as 19" version  
Completing to fault location system with:
- ▶ Mains filter for location on live LV cables
  - ▶ PD LOC Upgrade

# INLEC, supporting you to deliver a world class service, every day, in every sector ...

## OUR COMMITMENT TO YOU

### A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

### Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

### Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

### We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

## YOUR 5 WAY GUARANTEE

### 1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

### 2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

### 3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application\*.

### 4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

### 5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

\*subject to availability and conditions
