WHEN YOU CAN HIRE

SMART THUMP ST16

Portable Cable Fault Location System

- Delivers 1500 J at 8/16 kV
- 16-kV DC high voltage proof test and insulation resistance test
- Easy Go automatic test sequence to proof test, prelocate and pinpoint
- Interprets test results for user
- 5.7 in. transfective color display
- Safety / grounding check
- USB interface

DESCRIPTION

The SMART THUMP ST16 Portable Cable Fault Locating System provides safe, efficient and extremely easy-to-use solutions for quickly identifying, prelocating and pinpointing various types of cable faults for power cables. The ST16 was developed to meet the requirements for typical low- and medium-voltage distribution cable fault location markets.

Circuit parameters include:

- System voltage up to 35 kV
- Insulation EPR or XLPE
- Typical conductor sizes between #2 and 500 MCM (34 mm² to 250 mm²)
- Typical circuit lengths from a few hundred feet (100 m) up to 3 miles (17,000 ft or 5,000 m)

Typical end users include: operations department of power utility companies, electrical departments within municipalities including street light maintenance, private network operators, high voltage electrical contractors, service companies, port authorities, mining, airports, military bases, petrochemical and paper companies.

The ST16 unit incorporates HDW's "E-Tray" technology, a concept that has been already proven in other products (EZ-Thump, EZ-Restore Overdrive, and TDR T3090) and which will be carried forward into new Megger products in the future. The E-Tray adds the unique capability to access and operate every function through an innovative and intuitive user interface, without the need to make adjustments and the software suggesting the next logical step.

APPLICATIONS

The SMART THUMP ST16 represents a new generation of advanced underground cable fault locating systems that require less training than a traditional thumper-only system. It is the only fault locator with built-in intelligence to interpret the results of the initial test sequence. The "turn & click" rotary button operation lets the user automatically proof test, pre-locate, and pinpoint the fault from one convenient control console. No adjustments are required. The unit automatically sets the thump voltage to minimize the stress applied to the cable. The ST16 features an automatic safety check to protect the user from incorrect or faulty ground connections (F-Ohm).

The heavy-duty wheels of the unit are ideal for use in rough terrain. The ST16 is capable of being permanently installed in a vehicle (truck mount version).

FEATURES AND BENEFITS

This fully integrated system can be operated from either its internal battery/inverter, external 12 VDC or 120/230 VAC. Additional features are:

- "Quick-Steps" is especially convenient where operators may not be called upon to use the equipment on a regular basis
- "Expert Mode" provides up to 20 individual TDR features to the experienced user for optimum fault locating results
- Custom configurable menus for the TDR function
- DC testing up to 16 kV with indication of insulation resistance value
- Rugged, powder coated IP54 designed enclosure
- Safe Op check protects user from incorrect or faulty and ground connections (F-Ohm)
- Easy Go operation eliminates lengthy training
- Quick access to all components in case of service

SPECIFICATIONS**Impulse Generator (Thumper)****Operating modes:**

Arc Reflection Method (ARM®)	0-8/0-16 kV
ICE surge pulse (optional in North America), standard other countries	0-8/0-16 kV
Direct surge (Thumping)	0-8/0-16 kV
DC-HV proof test and resistance readout (Ω)	
Burning / Fault Conditioning	0-8/0-16 kV
Sheath fault test & pinpointing /	
Secondary Fault Locating (optional)	0-5/10 kV

TDR

TDR mode and all prelocation functions (25,000 ft, optional 100,000 ft)

Energy Output

Dual stage: 1500 J @ 8 kV and 16 kV
Proof test: 0 to 16 kV continuous
Burn current: 60 mA max

Key Features

Single-shot thump in ARM
Built-in inductive type ARM filter
8 second thump cycle @ max output
Automatic cable and system discharging

Display Features

Transflective TFT color display, sunlight proof
5.7 in., 640 x 470 pixel resolution

Power Options

120/230 V, 60/50 Hz ac operation
12 V deep cycle marine battery with internal dc charger/inverter (standard)

SMART Features

Entirely automatic test sequences includes proof test, prelocate, and pinpoint
Automatic interpretation regarding type of fault (i.e. open, burnt in the clear, short)
Automatic adjustment of thump voltage (uses selectable)
Automatic alphanumeric display of cable and fault distance

USB

Host interface 2.0
TDR trace export and system upgrades

Mounting and Enclosure

Mounted on heavy-duty wheels (14")
Rain tight powder coated enclosure IP54 (open)
(Also available as vehicle-mount unit)

Digital "Analog" Meter

Displayed on LCD screen

Environmental

Operating Temperature: -20C to +50C; -4F to +122F
Storage Temperature: -25C to +65C; -13F to +149F

IP Rating

IP54 (with top open)

Weight

318 lbs (134 kg) includes wheels, battery and inverter & 50 ft of HV / Ground Cable

Dimensions

20 x 46 x 24 in. (500 x 1170 x 600 mm) W x H x D

ORDERING INFORMATION

MODEL	ST16	--	WW	XX	YY	Z
SELECT MOUNTING OPTION	Cart Mount		M1			
	Vehicle Mount with Inverter		M2			
	Vehicle Mount w/o Inverter/Battery (AC only)		M3			
	Cart Mount AC Only		M4			
	Remote interface, available only with vehicle mount		M5			
SELECT CABLE LENGTH	12 ft Custom Cable			12		
	25 ft Custom Cable			25		
	50 ft Standard Cable			50		
SELECT CABLE TERMINATION	14 mm Male MC with Hotline Clamps (North America)				T1

INLEC, supporting you to deliver a world class service, every day, in every sector ...

OUR COMMITMENT TO YOU

A wealth of knowledge and experience.

You can take advantage of expert advice to ensure you get the best, most appropriate and cost effective equipment for the job. We supply a wide variety of industries, so if there is another way to do the job or save you time and money we'll pass on the benefit of our experience for free.

Honest advice, just a phone call away.

If we don't have a particular item, rather than hiring you something that won't do the job, we would rather direct you to an alternative supplier. You will always be provided with full instructions and if you still need help, call our technical team on Nationwide Low Call 0333 6000 600. Our aim is to save you time, frustration and money.

Top quality equipment from major manufacturers.

With Inlec you'll get the most accurate, reliable and well-maintained equipment available. Prices are regularly reviewed to ensure you always enjoy the best value for money. We have made a significant investment in test equipment so we ensure that it's well packed to minimise damage and delay.

We really do listen to you.

You won't waste your time contacting Inlec. Every request for equipment is logged and carefully considered. Listening to our customers helps keep our product range up to date and relevant. If you are unhappy about any aspect of our service please let us know so we can put it right.

YOUR 5 WAY GUARANTEE

1 GUARANTEE SAME DAY DESPATCH

We understand why prompt delivery is important to you. So, if we confirm your order before 3pm, you are guaranteed same day despatch.

2 OUR PRICE GUARANTEE

Inlec guarantee you real value for money. Our price match policy is simple - if you can hire the same product for less elsewhere, we guarantee to match that price and reduce it by a further 10% of the difference - and still deliver our industry leading technical and customer support.

For full details check our price-match guarantee online

3 TOP QUALITY GUARANTEED

All equipment is thoroughly checked prior to dispatch to ensure you receive it in full, safe working order. Your shipment will be securely packed and include manufacturer's instructions, accessories or consumables and a valid calibration certificate where appropriate. In addition, Inlec offer a 24 hour replacement service if you decide the equipment is not suitable for your application*.

4 FRIENDLY, KNOWLEDGEABLE ADVICE GUARANTEED

Inlec are happy to provide you with free advice, from an unbeatable team of experienced, knowledgeable and friendly engineers and hire experts.

5 YOUR GUARANTEE OF THE BEST CUSTOMER SERVICE

Throughout your hire we will work hard to ensure you enjoy the very best in support and service from Inlec. We guarantee you won't find better service anywhere in the industry.

*subject to availability and conditions
