Datasheet

HYDRAJAWS®

Verify

Hydrajaws Verify is our digital reporting system which allows on-site pull tests to be automatically recorded and compiled into a report using our **free Hydrajaws Verify Pro App** on a mobile device.

Report from on site

Job details can be set up before going on-site and used again and again to save valuable work time. When on-site a digital report is generated showing all the test data including a pass or fail result, a visual results graph, fixing details, site location co-ordinates, date and time. In addition, any notes and photos taken can be included within the report too. This can be easily emailed directly to your customer or securely stored for future retrieval.

Prove your test results

The app captures and records the digital report using an Evident Proof platform and saves it directly to the cloud. This platform ensures that when the real time data is collected it gets a 'proof seal' onto an unchangeable and un-hackable blockchain. This system mitigates the risk of someone tampering with the results by providing a fully auditable and transparent data provenance trail that is admissible in a court of law.

PRO or TEAMS: Which one is right for me? *

AVAILABLE ON THE App Store

GET IT ON Google play

*The Verify PRO app is fully featured and free to use with no subscription fee required. Ideal for single users.

Upgrading to TEAMS allows an administrator to manage your testing by creating and editing clients, sites and tasks centrally, and assign remotely to your team of field testers.

Annual TEAMS subscription fee applies. Up to 3 users £300 then £125 per additional user up to 10 users. Above 10 users POA.

Safety Lifeline Cable Tester Kit 2

Our latest design is light, compact and very user friendly. Manufactured to exacting high standards, the **Hydrajaws M2000 Safety Lifeline Cable Tester** frame clamps directly to the 8mm wire rope and comes with all the accessories to test existing installations including those with long terminating assemblies without any additional parts needed.

Trusted by market leading fall protection installation companies worldwide, the Safety Lifeline Cable

Tester is an essential tool for carrying out testing procedures conforming to relevant BS and interanational standards.

The Safety Lifeline Cable Tester is easy to use and easily transported. It comes complete with a comprehensive user manual and the backing and support from our technical team at Hydrajaws.

Safety Lifeline Tester Kit 2 Features

■ 'Kit 2' combines a M2000 tester with accessories including items offered in Safely Lifeline Tester Kit 1

■ 0-25kN Dual Scale digital gauge compatible with the latest Hydrajaws App

■ Turning Handle with 22mm (7/8") integrated nut

■ Single hinge clamp arrangement with two bolts

■ Cable test frame with extension bars

■ Supplied in a robust protective carry case

Kit includes the following accessories:

■ 8mm Barrel clamp

■ 12mm Fork adaptor

■ 20mm Clevis

■ 22mm A/F ratchet spanner

■ M12 Coupliing adaptor

■ M16 and M20 Long threaded stud adaptor

■ Bolt test adaptor

■ Knurled adaptor 8mm (10mm and 12mm optional)

■ Wall tie spacer plate

■ Oil bottle

■ 6mm Hex key and spare cable clamp bolts and screw

TECHNICAL DATA

■ Pull-out load range: 0-25kN (5620 lbf)

■ Up to 50mm stroke (1.97")

■ Case dimensions: 571 x 382 x 160mm (22.48 x 15.04 x 6.30")

■ Case weight: 16kg

■ Warranty: 12 months

■ Part #: 030-003 (Metric Digital)
Part #: 030-002 (Metric Analog)
Part #: 030-005 (Imperial Digital)
Part #: 030-004 (Imperial Analog)
